

Monday 7th March 2022 Plan for the day.

Maths – we have been looking at money over the last few weeks. Today we will be looking at subtracting money. Watch the video below and complete the activities as you go through it. Then complete the worksheet which is linked to the video.

<https://vimeo.com/498297373>

Join in with the 8 times table song (repeat several times) Try 3 or 4 times table if this seems a tricky for your child.

<https://www.youtube.com/watch?v=VjLzx9fg9cY>

Complete the times table sheet / and or play Hit the button.

Reading

During World Book Day we continued reading The Boy Who Grew Dragons and drew and painted the dragon that we would like to grow. Some of the children wondered if the small dragon in the story was really a lizard. Following from this work read the information about bearded dragons and complete the comprehension questions.

English

Following on from the dragon work last week write an adventure story with you and your dragon as the main characters.

Plan your story first:

Where are you when the story starts. Describe the setting.

Where do you go? Describe the place you go to.

What problem do you encounter?

How do you and your dragon solve the problem?

What happens at the end?

Check for capital letters, full stops, spellings, correct tense and adjectives.

Bring your story into school to read to a partner.

PE

Following on from our basketball lesson last week practise bouncing a ball using your fingertips – remember to use both hands. Practice throwing and catching using chest passes and bounce passes.

Science

This term we will be looking at plants and what plants need to grow.

Today we are going to recap on the knowledge that you already have about plants .

Draw a flower and label all the different parts. Write an explanation about each part of the plant explaining what this part does to help the flower grow.

Make a list of all the different things that a plant needs to grow into a healthy plant.

Bring your completed work to school to put into your science book.

Music

Learn the words for our class song Believe. We are going to sing this song at Carnglaze in March.
