

**“Books are a uniquely portable magic.” – Stephen King**

Dear Parents and Carers,

Well, where has the sun gone! We hope we won't need any more wet plays before the end of term but please do remember coats during the changeable weather. On Monday, Lerryn Class had a wonderful trip to Looe. A first for many children to travel by train. They visited the RNLI lifeboat station followed by a yummy ice cream and play on the beach! On Tuesday, we welcomed Tracee from Liskeard Library who told us all about the Summer Reading Challenge called Ready Set Read! If children read six books between 8th July and 16th September, they will receive a bag of goodies! Tracee will be back in the Autumn term to handout our certificates—can't wait to see how many there are!

Next week is looking a busy penultimate week! On Monday, we have our class transition day. I led an assembly this week where we talked about our feelings of change—the mixture of excitement and intrigue versus the fear unknown and nerves. We talked about the importance of being positive and looking ahead. Children will start the day in their new classrooms and please collect them from their new classrooms. On Tuesday we have our coffee morning, everyone welcome to come along.

Next Friday is the PTFA Summer Fair. All children will be able to enjoy the event during school time so please do send them with some pennies! From 3pm, the fair is welcome to everyone to attend. We hope as many people as possible can enjoy. The raffle will be drawn at 3:45pm.

Best wishes and have a lovely weekend. Mrs Pipe, Headteacher

# Star Learners

This week, the work of the week comes from Fowey Class. Fowey Class went on a school trip to the Plymouth Aquarium as part of their RE learning where we have been discussing the question: "How should we care for the world and for others, and why does it matter?" We explored the different varieties of sea creatures at the aquarium with our guide Jess and learned how the natural world provides its own ways of caring for them. For example, clown fish cover themselves in snot to prevent them from being stung by sea anemones! We then participated in a workshop learning about how we can care for the oceans and seas and the creatures that live in them. We used this information to create information posters for our school.
