

Lynher Class

The Determinators

Chorus

We're the determinators, this is our rap

Come an' fall into our lyrical trap

You can become what you want in life

Just be you and *shine your light*

You can be careful but still take risks

Watch how it's done, as you can do this

Compete with yourself, day after day

Take responsibility and you can slay

Determination plus discipline

With practice and training, you can win

When you get a setback, pick yourself up

When you work hard, you make your own luck

Chorus

We're the determinators, this is our rap

Come an' fall into our lyrical trap

You can become what you want in life

Just be you and *shine your light*
